[music: Nornagest/Sabathan, lyrics: Nornagest]

Cut in slice the son of God, thorns around his bloody hands

Nails through his skull...fucked by his cross

thousand spears piercing his lambs

All his reasons are lost, torture in filthy sands...

**JEHOVA DESECRATION!!!**

**JEHOVA DESECRATION!!!**

The salt is penetrating his wounds, his son is dead again and again

he'll die after life, suffering without end...

For the forbidden sense of torture!!!

**JEHOVA DESECRATION!!!**

**JEHOVA DESECRATION!!!**

[Lead: Nornagest]

[Lead: N.Daemon]

Let him rot on his cross, symbol of all his fucking lies for the glory of the Goat, Lord of unholy vices!!!
