Once upon a time
A family stood up
They ran quickly to the throne
That day Hellgium was born!

They had to deal with extremists
But they fought for our land,
Our children and our homes
For that reason: thanks again!

Leopold The First was first
But Leopold The Second wasn't the second!
The second was Albert The First
He fought a World War (the first)

Now the family's in danger
A war is being fought
But we'll defend the throne forever!
Victory for sure!
