=====

(lyrics: Andersson,  
music: Andersson)  
(lead: Cederlund)  
the hollow sky is red  
the race is on  
faces are all dead  
the race is on.  
It's just a matter of time  
(lead: Hellid)  
Bedrooms are tombs  
cradles are coffins  
tears I cannot shed.  
a matter of time  
a matter of slugs  
til' the rats are fed.  
Who examines the doctors!

I'm the hollow man  
It's just a matter of bullets  
in hollow brains  
as I wander slowly  
thru bullet rains  
My hollow eyes  
are staring down the hole.  
jesus, satan, hitler  
bought my soul.  
It's rotten and sour  
but it's inside of me.  
I got faith in the end  
but you just can't see.
