ENTOMBED

Left Hand Path

I am my own God

Master slave and I will be beyond the grave

No one will take my soul away

I carry my own will and make my day

I am my own God

See the truth beyond

Through endless lies thy kingdom come

Glorified wisdom illumination tool

Self deceit it's the golden rule

Live your life you're gonna die your own death

There's no one above that's gonna take your breath

I dip my forefinger in the watery blood

Of your impotent redeemer

And write over his thorn torn brow

The true Prince of Evil

What man's created

Man can destroy

Bring to light

That day of joy
