

Entombed "Mental Twin"

Visit "[Mental Twin](#)" on MotoLyrics.com

Me and myself
We're not one of you
We have an alibi
To always get through

Me and myself
My mentor and guide
You're my tormentor
Always by my side

Not going downward, mental twin
Not going downward, mental twin
Not going downward, downward
Instrument evil mental twin

Me and myself
We're king yeah, we're Kong
We will let you down
When you're weak we're strong

Not going downward, mental twin
Not going downward, mental twin
Not going downward, downward
Infernal evil, mental twin

Me and myself
We do what we claim
We mean what we say
Only shreds will remain
Only shreds will remain
