When in Sodom you live on lies  
And see the world through Sodom eyes  
When in Sodom you do as you please  
And you pay on your knees

A thousand days, a thousand nights  
Gomorrah is on the rise

When in Sodom, you bend over quick  
Here, let me guide your little stick  
When in Sodom you, do as the Sodomites  
And you earned every right

A thousand days, a thousand nights  
Live and die as Sodomites

So, what difference does it make  
If I give or if I take?  
Make no difference what I do  
I do it all for heaven's sake

So, what difference does it make  
If I give or if I take?  
What I do  
I do it all for heaven's sake

When in Sodom  
When in Sodom

Time plus tragedy  
What a farce, divine comedy of arse  
Keep it nice and neat and shit where you eat  
We're all co-stars

Gomorrah days, Gomorrah nights  
Live and die as Sodomites

So, as I told you before  
Live just to even the score  
Discredit everything you see  
Give me, give me much, want more

So, as I told you before  
Live just to even the score  
Give me, give me much, want more

When in Sodom  
When in Sodom  
When in Sodom  
When in Sodom

So, what difference does it make  
If I give or if I take?  
Make no difference what I do  
I do it all for heaven's sake

So, what difference does it make  
If I give or if I take?  
What I do  
I do it all for heaven's sake

When in Sodom  
When in Sodom  
When in Sodom  
When in Sodom  
When in Sodom

When in Sodom  
When in Sodom  
When in Sodom  
When in Sodom  
When in Sodom
