A tumbling nightmare  
I lay drowning in your arms  
Unseeing visions... your release  
I dream of you once more  
And in this waking hour  
She comes again  
I dream of your arising  
..once more  
I feel my heaven rise  
I see my heaven rise  
The vision stands alone  
Heaven rising high  
Treading water  
This mire of unknowing  
The effervescent sweetness

..relentless cascades  
And in this waking hour  
She comes again  
I dream of your arising  
..once more  
I feel my heaven rise  
I see my heaven rise  
The vision stands alone  
Heaven rising high  
Falling down once again  
I close my eyes, still this vision ends  
I sink beneath your surface  
And dream once more
