Feels good
Gotta say to myself
I don't have a lot
But I still got my health

Well, all right
(Oh yeah, it's a sunny day)
Yeah, all right
(Yeah, everything's okay)

I don't care
If the [Incomprehensible]
All I know is that I'm having
A good time

Well, all right
(Oh yeah, it's a sunny day)
Yeah, all right
(Oh yeah, everything's okay)

It don't matter
Where you see the light
You would rather
Try and win the fight

But you can't win them all
So it can't get you too uptight
All right

Yeah, I know
That I'm sick in the head
But I know I'm better off
Than sick in bed

Well, all right
(Oh yeah, it's a sunny day)
Yeah, all right
(Oh yeah, everything's okay)

It don't matter
Where you see the light
You would rather

Try and win the fight

But you can't win them all
So it can't get you too uptight
All right

Anyway that you want it to be
It don't really matter
All that much to me

Yeah, all right
(Oh yeah, it's a sunny day)
Yeah, all right
(Oh yeah, everything's okay)

It don't matter
Where you see the light
You would rather
Try and win the fight

But you can't win them all
So it can't get you too uptight

It don't matter
Where you see the light
You would rather
Try and win the fight

But you can't win them all
So it can't get you too uptight
All right

Well all right, yeah, all right
Well all right
