Help

Time don't give us time now
And love don't give us love now
Our peace has fallen to pieces
And nothing can release us

I feel I want my mother
But I've just got my brother
But he's no brother of mine
He's stealing all my sunshine

Save
I've got to save my life
I've got to save
Save my life

My movie's got a soundtrack
But only in my phone jack
And no one's gonna see it
It's just my luck I'd be in it

I'm looking in the mirror
And things are looking clearer
I'm throwing it away now
I'm blowing every day now

Save
I've got to save my life
I've got to save
Save my life, oh yeah

I'm feeling empty hearted
I miss my dear departed
And hope don't bring me hope now
But the dope still brings me dope

Save, save my life
I've got to save my life
I've got to save, got to save my life
I've got to save, save my life
