We change our shape to suit the company we keep
But then you know we have our reasons too
They might be watching us
They'd like to lock us up, but
Come on, for me, sweet, they are cross
We can be greater than the sum of all the parts.

You and I
We're like Jekyll and Hyde
More than Bonnie and Clyde
But I promise you we'll get by
Just don't expect me
To lay down and die
For your wandering eyes
Just make a choice or let it lie

Let's not hear another word about it

I'll face the consequences of my wicked ways
As long as you will face them with me
And if our sand's run out
We'll leave the room for doubt
Come on, I said something I ought
We can be greater than the sum of all the parts

You and I
We're like Jackal and Hyde
More than Bonnie and Clyde
But I promise you we'll get by
Just don't expect me
To lay down and die
For your wandering eyes
Just make a choice or let it lie

Oh

Come one, let's get off of this carousel
This time is ours, let's make it tell

You and I

We're like Jackal and Hyde
More than Bonnie and Clyde
But I guarantee you we'll get by
Just don't expect me
To lay down and die
For your wandering eyes
Just make a choice or let it lie

Make a choice and let it lie
