[Doctor:] "But you're not being rational, Miss Tyler.  
Now you know you can't expect to live any kind of a life  
among them... Normal people.

[Miss Tyler:] "I could try... I... I could wear a mask for  
this bandage...  
Or... I wouldn't bother anybody  
I'd just go my own way... I'd get a job, any job! Who are  
you people anyway!  
What is this state! Who makes all these rules and  
traditions and statutes that  
People who are different have to stay away from  
people who are normal?  
The state isn't God, doctor."

[Doctor:] "Miss Tyler, please... please..."

[Miss Tyler:] "THE STATE IS NOT GOD!"

I don't bathe in the flesh like the American way...  
But I've savored the breathe of American ladies...  
Another bee in the petals of a flower choked in the  
weeds...  
Your mother lied when she said she knows of real  
beauty... ohhhh

[Doctor:] What is the dimensional difference between  
beauty and something... repellent... ?

[Chorus]  
If you swallow the bait  
With a bottle of wine  
You can live like a queen  
In the open wound of a pretty smile...

If you swallow the bait  
With a bottle of wine  
You can live like a queen  
In the open wound of a pretty smile.  
[End chorus]

Well I ate for hours and hours and hours and I'm still

hungry...  
I Filled the body with gasoline and let you ignite me...  
ohh  
I'd only wish I had a match for every baby girl on Earth.  
To save them from drowning in their mother's milk  
after birth...  
After birth...

[Miss Tyler:] "You mean imprisoned, don't you doctor?  
You're talking about a ghetto aren't you?  
A ghetto designed for freaks!"

[Chorus]

You don't sleep in your skin 'cause it makes you feel  
cheap...  
So you hang it next to your bed and hope your bones  
will still keep... ohh  
Yeah!

If you swallow the bait  
With a bottle of wine

If you swallow the bait  
With a bottle of wine...
