Memories we share together, moments no one else can
know

I will keep them close to me, never let them go

Once you filled my hands with roses-then you gave
your heart to me

When a kiss had followed, this Love was meant to be

Time goes by, and the snow is drifting- slowly in the
sky cold, cold night

As you lie beside me, I can hear your heartbeat

You have lost yourself in dreaming, I have lost myself
in you.

Now we lie beneath the sky, stars, and midnight blue.
