

Enzyme Dynamite "Late Nite"

Visit "[Late Nite](#)" on MotoLyrics.com

Something about that late nite clubbin, clubbin
you see them honeys , yeah them honeys got me
buzzin, buzzin.
something bout that late nite , something bout that late
nite, something
bout that late nite clubbin

I see you by the bar, looking like a star.
The way you wear your hair, makes me stop and stare.
I want you next to me, I wanna feel your ecstasy.
I wanna beat beat , beat beat , feel the beat beat , beat
beat

Something about that late nite clubbin, clubbin
you see them honeys , yeah them honeys got me
buzzin, buzzin.
something bout that late nite , something bout that late
nite, something
bout that late nite clubbin

I looked at her face , never seen her before.
Walked through the front door , Madame Lazore ?
High class champagne poured inside the glass , foxy
minks color pinks
standing by the bar.

I seen her on the floor, now she at my door.
You just a city girl, in a silly world.
They talkin bout a war, I'm talkin bout a tour.
Life is the virus, love is the heart beat beat , beat beat ,
she wants to beat
beat , beat beat

Something about that late nite clubbin, clubbin
you see them honeys , yeah them honeys got me
buzzin, buzzin.
something bout that late nite , something bout that late
nite, something
bout that late nite clubbin
