We've come a long way
But we're not to sure where we've been
We've had succsess we've had good times
But remember this
Been on this path of life for so long
Feel Ive walked a thousand miles
Sometimes strolled hand in hand with love
Everybodys been there
With danger on my mind I would stand on the line of
hope
And I knew I could make it
Once I knew the boundaries I looked into the clouds
and saw
My face in the moonlight
Just then I realised what a fool I could be
Just cause I look so high I dont have to see me
Finding a paradise wasnt easy but still
Theres a road going down the other side of this hill

Never forget where youve come here from
Never pretend that its all real
Someday soon this will be someone elses dream

Safe from the arms of disappointment for so long
Feel each day weve come too far
Yet each day seems to make much more
Sure is good to be here
I understand the meaning of i cant explain this feeling
Now it feels so unreal
At night I see the hand that reminds me of the stand I
make
The fact of reality

Never forget where youve come here from
Never pretend that its all real
Someday soon this will be someone elses dream, this
will be someone elses dream

Weve come so far and weve reached so high
And weve looked each day and night in the eye
And were still so young and we hope for more
So again Ill tell you

Never forget where youve come here from
Never pretend that its all real
Someday soon this will be someone elses dream this
will be someone elses dream

Never forget where youve come here from
Never pretend that its all real
Someday soon this will be someone elses dream, this
will be someone elses dream

Come so far and we've reached so high
And we've looked each day and night in the eye
And we're still so young, and we hope for more
