One day when I came home at lunch time I heard a
funny noise
Went out to the backyard to find out if it was one of
those rowdy boys
Stood there was my neighbor called Peter and a Flux
Capacitor

He told me he built a time machine
Like the one in a film I've seen
Yeah

He said, "I've been to the year 3000
Not much has changed but they lived underwater
And your great, great, great granddaughter
Is doing fine"
(Is doing fine)

He took me to the future in the flux thing and I saw
everything
Boy bands and another one and another one and
another one
And girls out with round hair like star wars, they float
above the floor

We drove around in a time machine
Like the one in a film I've seen
Yeah

He said, "I've been to the year 3000
Not much has changed but they lived underwater
And your great, great, great granddaughter
Is fine"doing
She's doing fine

I took a trip to the year 3000
This song had gone multi-platinum
Everybody brought my seventh album
It had outsold Michael Jackson.

I took a trip to the year 3000
this song had gone multi-platinum
everybody brought my seventh album

He told me he built a time machine
Like the one in a film I've seen
Yeah, yeah, yeah

I've been to the year 3000
Not much has changed but they lived underwater
And your great, great, great granddaughter
Is doing fine
Doing fine
Ohh

He said, "I've been to the year 3000
Not much has changed but they lived underwater
And your great, great, great granddaughter
(And your great granddaughter)
Is doing fine"

He said, "I've been to the year 3000
Not much has changed but they lived underwater
And your great, great, great granddaughter
(And your great granddaughter)
She's doing fine"
She's doing fine

He said, "I've been to the year 3000
Not much has changed but they lived underwater
And your great, great, great granddaughter
Is doing fine
She's doing fine"

He said "I've been to the year 3000"
