It's a crule world
But then again, maybe it was ment to be

Selfishly we all keep filling up our lives with madness
While we seek what we need we are making it a habit
Every hour that we lose focus is another hour we waste
away

It's not too late
Not all to fade
We can start today

Will you let your life pass you by or decide to reset the
hands of time?
Will you waist your lives spinning lies?
Change design and reset the hands of time

Desprately we all plead resolution to our problems
Don't you see we can be so much more than what we
are now?
There are choices that you and I make
We're not perfect
There will be mistakes

It's not too late
Not all to fade
We can start today

Will you let your life pass you by or reset the hands of
time?
Will you waist your lives spinning lives?
Change design and reset the hands of time

When I speak do You hear?
Tragicly I've learned the art of fleeing
Will I be a memory that paints black pictures?
Lost in Your arms the canvas comes alive

Will you let your life pass you by or reset the hands of
time?
Will you waist your lives spinning lies?
Change design and reset the hands of time
