The clock strikes 3 A.M. now, speak  
Stone cold, I've suffered much defeat  
How could You look at what I am  
With grace, forgiveness now at hand?  
Quickly come, let me fall now in Your arms

To my surprise You heard my cries,  
Lord Jesus rescue me  
To my surprise You gave Your life  
Lord Jesus rescue me

Caught up in what I've tried to hide  
Regret lives on I can't deny  
Though camouflaged the truth reveals  
This emptiness, it will not yield  
Do not tarry Lord I waiver  
Do not tarry I can not resist  
This time You must aid, assist  
Quickly come, let me fall now in Your arms

To my surprise You heard my cries,  
Lord Jesus rescue me  
To my surprise You gave Your life  
Lord Jesus rescue me

I'm falling in surrender,  
I'm falling, falling
