My name is Blossom
I was raised in a lions den
My name is Blossom
I was raised in a lions den

My nightly occupation
Stealing other womens men
I'm an evil evil woman
But I want to do a man some good
I'm an evil evil woman
But I want to do a man some good
I'm Gina Lola Bridgietta
I ain't red riding hood

If you don't like my peaches, baby, why do you shake
my tree?
If you don't like my peaches, baby, why do you shake
my tree?
Get out of my orchid, baby
Let my peach tree be
Now don't you ooh skoodla doo skoodli dee
And I won't ya ya doo doo
If you don't ooh skookdla doo
Then I won't ya ya doo doo
So don't you ooh skoodla doo skoodli dee
And I won't ya ya doo doo

Some men like me cause I'm happy
Some think I'm snappy
Some call me honey
And some think I've got
But Grey Brown told me that I was built for speed
You put them all together
Everything a good man needs
You put them all together
Everything a good man needs
