I don't know why
But I'm feeling so sad
I long to try
Something I've never had

Never had no loving
Never had no kissing
Lover man, where can you be

The night is cold
And I'm so all alone
I'd give my soul
Just to call you my own

Got a moon above me
But no one to love me
Lover man, where can you be

I've heard it said
That the thrill of a romance
Could be like a heavenly breeze

I go to bed
With the prayer
That you'll make love to me
Strange as it seems

Someday we'll meet
And you'll dry all my tears
You'll whisper sweet little things in my ears

Hugging and kissing
Ooh, what we've been missing
Lover man, where can you be
Lover man, where can you be
