Hello Hello
It's good to be back again, yeah
Hello Hello
It's good to be back

You came out of nowhere
And asked me to be there when you're alone
I told you I would not fall for that
But you rang about these
Before your spell had taken hold
I thought I was so much more than that

I miss the girl you used to be

Hello Hello
It's good to be back again, yeah
Hello Hello
It's good to be back

I got the impression
That I shouldn't mention all that we were
And the corners we painted ourselves into
Now I'm such a cynic
You put on a clinic on how to be old
And all that I've learned I've learnt from you

I guess this is how it's got to be

Hello Hello
It's good to be back again, yeah
Hello Hello
It's good to be back

You asked to be
Something I'm not
Broke out of my cage but now I'm caught
In living a lie

Hello hello hello hello
Hello hello hello hello
Hello hello hello hello
Hello hello hello hello

Hello Hello
It's good to be back again, yeah
Hello Hello
It's good to be back... again

Again again again again
(Hello hello)
Again again again, it's good to be back
(It's good to be back again)

Hello hello
It's good to be back
