Dance Of Fate

When darkness will reign and blind us all

When darkness will reign and blind us all
Allegiance will bind us if we do not fall

We cannot tell when morning comes
Is there a choice to live another day?
It's hard to find a new direction in your fragile life

The precious time of your existence is now to come
Don't throw your life away by cheating time
Sugared placebos only fool your mind

Now I want the water to wash away all my sins
The wind to blow away my thoughts without meaning
The fire to burn away my thickened skin

When darkness will reign and blind us all
Allegiance will bind us if we do not fall

Novas portas pandimus

What is this pace, the type of dance?
I cannot tell which steps I have to take
I'd like to leave, just run away
My feet are tangled up
So hard to face the pace of the clock
What do you think; will it ever stop?
So will I fall and not get up?
I take it all in stride

Now I want the water to wash away all my sins
The wind to blow away my thoughts without meaning
The fire to burn away my thickened skin

Everything has a reason for its happening
Can't you tell it's your own spell and
Everyone has to dance this dance like anyone
Can't break free of destiny

We should open new doors and
Close the ones that we've left behind

Now I want the water to wash away all my sins
The wind to blow away my thoughts without meaning
The fire to burn away my thickened skin

When darkness will reign and blind us all
Allegiance will bind us if we do not fall

Novas portas pandimus
Et post nos occludimus
