I followed your rules  
A willing fool  
Branded by shame

My soul suffers from your hostile ways  
I bear so many scars, hit me hard  
Time to change we have to rearrange  
For this has gone too far, way too far

Creating new laws and living by unwritten rules  
Restricting us

My soul suffers from your hostile ways  
I can't let go

Creating new spins on ancient creed to fit your views  
Denying us

You created this world  
Where honesty is not allowed  
You created this world  
Where ignorance is being taught

You created this world  
Where I am all, you'll never be  
You've been drilling these  
Such falsely-based philosophies  
...in me

The curtain has fallen  
There's no one behind  
Corrected one mistake  
But I am still around

Our fight is over  
My scars will leave a stain  
You thought that it was all easy  
But I will still remain

You created yourself  
Based on nothing else but lies

You created yourself  
Where all your aspiration died

You created yourself  
Where I am all, you'll never be  
You're deceiving me  
Now I am forcing you to see  
...this

The curtain has fallen  
There's no one behind

Corrected one mistake  
But I am still around

Our fight is over  
My scars will leave a stain  
You thought that it was all easy  
But I will still remain

Take my hand, I'm sinking, I'm reaching out for you

Can't you see what you've done to all of us?  
Torturing me has no use here anymore

I followed your rules  
A willing fool  
Branded by shame

My soul suffers from your hostile ways  
I bear so many scars, hit me hard  
Time to change we have to rearrange  
For this has gone too far, way too far

Creating new laws and living by unwritten rules  
Restricting us

My soul suffers from your hostile ways  
I can't let go

Creating new spins on ancient creed to fit your views  
Denying us

The curtain has fallen  
There's no one behind  
Corrected one mistake  
But I am still around

Our fight is over  
My scars will leave a stain  
You thought that it was all easy

But I will still remain

Your time is over  
I'm taking what's mine  
You thought that you could keep me  
Under your thumb and mind

Take my hand, I'm sinking, I'm reaching out for you  
In my dying dream
