So sweet caress, never long to last!  
You entered my soul and gave hope to my life

So sweet caress, never long to last!  
You left me behind all alone and aghast  
Captured inside such an Elysium

Imperfect feelings, futile grief  
Love a devise against all solitude  
As it all went on, the love became  
A field in a dream that once had been real

So sweet so caress, never long to last!  
Destroy this illusion we need a change of fate!  
Your frantic thoughts are only a condemned cry

Imperfect feelings, futile grief  
Love a devise against all solitude  
As it all went on, the love became  
A field in a dream that once had been real

Primo somniare videbatur  
Deinde veritas se praecipitavit

I secretly longed for something  
Which had never existed

First I thought it was a dream  
But then it smashed into reality  
Beautiful on the outside, decayed deeply within

I secretly longed for something  
Which had never existed

Devoted to a body without a soul

Numquam non tibi diffidam
