Along the way I find myself  
To be confined within me  
My place where all the others mind to interfere

To press the meaning of it all  
To overcome my limits  
And dance away from any void and empty tasks

The storm is wild  
The storm is high  
I can't survive the storm

Believe yourselves and look away  
From all the thrive within you  
Leave all your worries at the door  
And drift away

I've tried to appear into the core  
But could not storm the sorrow  
My hollow heart has bled me dry, left me to stray

Another time  
Without a chance  
Condemned me wrong  
Send me to heaven

Intertwine the lines  
And swim beneath the dark  
Realize the pain we're living  
Dreamer as it need reweaving

In the memories of the deep enough to know  
Centuries of dreams unending  
Another way of you led tears when someone had  
betrayed

No time to ever go to waste  
It's not that complicated  
You're free to live your life at ease  
No more restrain

No heat for shadows on your way

That try to steal your laughter  
Your lights will drive them all away  
Be confident

Will i refrain  
Can i repent  
Will you be there  
Your eyes have paced  
Where iâ€™m alone in ire

Intertwine the lines  
And swim beneath the dark  
Realize the pain weâ€™re living  
Dreamer as it need reweaving

In the memories of the deep enough to know  
Centuries of dreams unending  
Another way of you led tears when someone had  
betrayed
