A putrid scent of desolation and chaos  
Disrupts my journey for supremacy  
The path I have wandered appears so far away  
From my forthcoming ecstasy  
The dawn of a new age transcends  
Furiously into the night  
As a warrior destined to dream in the  
Rage from the angels that cower in moonlight  
A lonely Knight  
Crossing the lands  
The fate of his world  
Will rest in their hands  
Temptation comes  
Love is disguised  
The world shall burn  
With the lust in his eyes  
I plea not to drain elegance from my power  
Searching for immortality  
A shadow of doubt never lies while  
Aspiring to revel in victory  
My soul ascends further as time marches  
Into oblique sanctity  
The world shall suffer a grand revelation  
As my spirit strives for certainty  
At dawn my rage  
Finds a new life  
I am the One  
Besieged by the lies  
For all that's known  
And all that dwells  
Inhuman persona  
Blinded by hell  
The clerics of truth have withered away  
The signs were ignored that foretold of this day  
The victor of solitude ventured through time  
A journey soon ending now feels so sublime  
The night hath arose brings a vision (of) collecting the  
dead  
Eternal visions of this night shall run through their  
heads  
Petrified people, their gods hate him all for his acts

The master of time has now ended his unholy pact  
A fiery mountain is dropped from the sky  
A third moon reflects on all who have died  
The tempest is sinking deep into the sea  
An exquisite relic of his tragedy
