Exploring the Night  
Reveals Blackened light  
Confronting the energies from Gods below  
Respect Divine  
Refute the Blind  
Godly seeds which can't be sown  
Summon the Blaze  
Of Ancestral Haze  
Destroy the seed of time unborn  
Birth of Flesh  
And forced to Mesh  
Diluting all Creed and Sanctity  
A sign from the ones who have chosen me  
Destiny unknown  
Nova to Ice  
Mortality Sufficed  
Destiny lies within the sky  
Pain and Joy  
Build to Destroy  
Mere mortals live the lie  
The Earth will quake  
As the Tide awakes  
Enveloping the Storm Serene  
Enlist the Rain  
For our will to feign  
Absorb the callous and abhorrent scene  
A sign from the ones who have chosen me  
Destiny Unknown  
I have seen the Talent Of The Gods  
Reaching for mystic Domain  
Weaving spells extend my mind;  
This is a goal;  
It's not in vain.
