A cold, emotionless existence  
Sordid perception  
Oblivious to common fear  
Confined to embrace darkness  
An epitaph of emptiness  
Spellbound, lightless reflection  
Tedious, sightless, carnivorous  
Born in the un-world drowning in lightning  
Entranced by the moon  
I seek to be alone in serenity  
Led by the cold, thy life that's been  
My time awaits to dream again  
Exiled to solitude, forever  
Impermeable consciousness  
Irreverent, blacklisted apostasy  
Life through darkness  
Defiant fortitude, projected on others  
Reason: sacrifice sentiment  
Preaching logic falls on deaf ears  
Frozen is the river of a thousand lies  
Betrayed by tradition  
Captive, are the blinded, by their own words  
Enslaved to conformity  
Rapture, the emotions of a hallowed mind  
Suffocating acerbity  
Illusion, fallacy of reverential thought  
Sequestered to infamy  
Solitude lies, solace denied  
Why must I be always alone  
Leaving behind all I have known  
Ceremonies of the moon
