Illusion imprinted at birth  
Mind lock, feed the lie to the worm  
Pre-sever growth  
Polarize terror  
Victim controlled out of fear

Weaken the dormant mind  
How is your lie disguised  
Behind what God does it hide  
The lie do you hear

Illusion infesting with growth  
Questioning mind frozen cold  
Obedience grows  
Victim controlled  
Licensed bigot masses sold

Ranting of the hypnotized  
Smother you free thinking mind  
Question repressed one more time  
Choke on the lie

Black and white fade to gray  
How was I blinded and caged  
Illusion to shatter and fade  
Escape from the fools  
Still one with the lie

Exit your thought-draining paradise

Awaken from coma of vision divine  
Cold in free thought  
But alive for first time  
The lie is no more  
Dull sunken eyes of cattle  
Left behind still stare  
Spew of words you call your Gods  
Polute the public air  
And from the other side  
The lie seems pale and thin  
The victims seek more prey  
Next to convert

Next to believe  
To pass the faith  
Spread the disease  
In ignorance  
They battle to deceive
