Struggling to explain before you tune me out and turn  
away so here it is it contradicts and eats away your  
faith what do you wish to gain is it worth what you've  
given up now that you've had enough of all the nerve  
there's no return you won't be coming back see  
through see beyond don't blur the lines I'm not your  
enemy covering up the truth you'r devoted to what you  
assume is expected of you the more we take obliterate  
this was no accident you're a lie and cheat on yourself  
why take a side that's not yours?
