

Episode 13 "Fleshlight"

Lost faith! Burning years
Decade! Face your fears
Lights out! Dying vision
This is your final test

Restless! Marching towards
Human! Weakest chain
Graveyard! Rest in curse
Worship the shining order

Reign in darkness with creatures leading my way
Fading the fleshlight of those made of clay
Hunchback of faith starts bleeding day by day
Brightness saves you no more

Fleshlight's fading!

God's sending light
Reflect fading light
Refuse burning bright
