Newborn spy!

Ghost of the lie hidden in the secret  
Rains of scum feeding the servant  
Newborn spy spreading the message  
Charming inside around the illusion

Black art... The nature itself  
Black art... Darkness itself  
Black art... Witness to spy  
Black art... Seduction itself

Newborn spy!

Ghost of lie hidden in the secret  
Rain of scum feeding the servant

Black art... The nature itself  
Black art... Darkness itself  
Black art... Witness to spy  
Black art... Seduction itself
