[erick sermon]

Yo, at a hip-hop club was a girl I met  
She was hot you can bet, her body dripped with sweat  
I kicked it to her, and her name was kim  
She said let's jet because she was ready for the jim  
Browski I doubt thee e would front  
So like a real stunt, I rolled the blunt  
She was ready, I could see in her face  
She said "let's jet" we went back to her place  
It was fat, she had a dope crib  
She offered food, like some barbecue ribs  
I said "no thank you" not now honey  
How about some drink, yes some gin rummy  
After that, come here and sit down  
We put on tender roni by mister bobbi brown  
We waste no time, it was time to do it  
Put on some james brown so we can get into it  
No kinky stuff, like ropes or handcuffs  
But when you love me please don't be ruff  
I said "listen, I'll be gentle, I'll be very gentle  
When I'm loving yoooouuu, when I'm loving yoooouuu.  
...so I dipped, I abandoned ship  
Threw in the anchor like on the boat tip  
That's what I get for trying to be a lover  
But never judge a book, by the damm cover  
I'm not dissing, but I don't like fishing  
And next time, I want to know who I'm kissing  
You can call me gay or a tutti-frutti  
But I won't touch it until I know who's booty

Well I was maxin one day just minding my own  
Talking to e-double on my car cellular phone  
When I seen this fly girl clocking her looks were  
temptating  
The look in her eye was the look of infatuation  
So I put my car in park, turned my system down  
I said "excuse me, are you new in town"  
She said "it's funny you asked I just got here today"  
I said "yo, you need a lift because I'm going that way"  
She said "my mother always told me not to ride with  
strangers

If I did, than my life would be in danger"  
I said "yeah that's true, but I'm not you're everyday  
swinger"  
To tell you the truth, I'm a well known singer"  
Plus I was cold coolin  
40 dawn in lap  
Wings on my fingers from my fisherman hat.  
She got in and said "yo I never done this before"  
I had to play my cards right to get my foot in the door.  
She got and she said "you a medical doctor? "  
I said "close but no cigar, I'm the microphone doctor  
Who performs open surgery, on mc's that are willing  
Except to try same them, I try to kill them"  
She said "ooh that sounds exciting, please tell me  
more"  
You mean how we heinz and clock the g's or more.  
We got to her house and her moms wasn't home  
As we went to the room I sparked up the homegrown  
I was with it, felling nice from old e  
Ready to get busy, and wax a cold booty.  
We got to her it was time to max  
Pulled out the jimhat and strapped the bozak  
I hit the lights, and next was the sack  
We started doing it, it was hard to produce  
Because the booty was cold kickin like they call me  
bruce  
I had to cover my nose, not to ruin the mood  
Because I know I wasn't fishing but I smelled seafood  
Smelled like shrimp or lobster, or tuna of the sea  
And it wasn't worth catching the a-the i-the d-to the s-  
oh yes  
The s is for safe sex  
And as I glanced at the door, you that move was next  
But she pulled me close, and said "let's get loose"  
And out of nowhere I yelled "baby did you do..."  
She said no p, cause I'm not a swinger  
I couldn't buy that as I smelled my forefinger  
I was playing myself plus my style was cramped  
I grabbed my keys and coat, and md broke camp  
And as I walked to the door, the girl got moody  
I looked her eye to eye and said.. "who's booty"
