Solar zenith long surpassed  
The waning light in lunar path  
Leads the westward lagging edge  
In a crimson hue

While the few belabor still  
The greater mass their bliss reveals  
Credulous, indolent flesh  
Dulled by time

Shadows under guise of a passing day  
Shadows of loathsome time and odious place  
Shadows in the Stygian caves forlorn  
Shadows of an ancient night

Analemma in contempt  
The one and seven nine descent  
Where light begins its wayward course  
Felt by those below

For in the stead of absent rays  
The scintillating, cerulean haze  
Accents the ambient gelidity  
Spread from northern plains

Shadows under guise of a passing day  
Shadows of loathsome time and odious place  
Shadows in the Stygian caves forlorn  
Shadows of an ancient night

The fluid spread of tenebrous mist  
As blanket to the fertile fringe

Freed from the confines, the elliptical-avail, the  
beginning of aphelion the force that none may quell.  
The turning of a world, the balance was destroyed, a  
caliginous return to the primal void.  
The upper plain long denied by light, the former claims  
of what was once by might!  
Resurgence, an out flow from wells long thought dry  
oozing into night!

"Deeper, deeper, deeper, down I lie"  
From the calcite depths unknown slowly I arise

The tyranny of persecution, the curse of broken oaths,  
The condemning of interment... where others would  
lose hope

Tenacious, the lust left to fester on the Cimmerian  
recursive dreams of those below the dawn  
Banished by the sulphurous gaze, no longer holding  
sway,  
As final rays expire so in legion they awake.  
From the deepest sumps to cesspools far below they  
arrive as innumerable shades over all

Locked below the stagnant earth the stale air  
permeates  
Through fallen stone and earth the amalgam makes its  
way

Another fool dispatched  
Another's end for sport  
Iniquity's return in crepuscular glory!

Shadows under guise of passing day  
Shadows of loathsome time and odious place  
Shadows in the Stygian caves forlorn  
Shadows of the ancient night!

Another fool dispatched  
Another's end for sport  
Iniquity's return in crepuscular glory!
