[Lyrics: LoSicco '97-'98]

Sea  
Seas within myself  
Yet see within myself  
What cannot be seen  
Lie  
Lies deep within my soul  
Yet cannot be the sole  
Purpose to my quest  
Time  
Time is but a stream  
A stream through which I cross  
Across the endless time  
In primal night I was always searching for an answer to  
The majesty of night and the peace of starless space  
The taint of Novas past and the stench of burning suns  
My will to find the place to escape the curse of light  
Needs  
Needs to be fulfilled  
Fulfilling in the need  
To right the venerable wrong  
Please  
Pleas my weary soul  
And all the souls who plea  
To regain sovereignty

End  
End the venary  
And from the end begin  
The point which lost to time  
Caught within "the dark backward and abysm of  
Time:" [1] I sought to find my way  
Lead solely by a faint string of crimson hue  
To bring me back upon myself  
Descent  
Into Time  
In fetters of time lies a measureless space  
A malfeasance in contradiction  
To a cosmos unbound when in times long ago  
The keepers of the continuum failed  
Return

(To) Endless Night  
Creature of highest consciousness [2]  
Exists in the notch of the "eight"  
Seeking "the palpable obscure" [3]  
For I am The Dweller of Inanity  
Through Storms of cosmic dust I make my way  
Blinded by a thousand dying suns  
And through the grayest hole where a million realities  
exist  
I find where strip upon itself does turn  
Sea  
Seas within myself  
Yet see within myself  
What cannot be seen  
Lie  
Lies deep within my soul  
Yet cannot be the sole  
Purpose to my quest  
Time  
Time is but a stream  
A stream through which I cross  
Across the endless time
