Now lost in darkness  
A child of the night  
Stalking the streets  
In the pale moonlight  
Your skin is warm and soft  
While mine is white and cold  
Come, let me kiss you  
Mysteries Unfold

I am beyond life  
I am beyond death  
I will take your life  
I will take your breath  
Come here, my darling  
I want you to hold  
Come, let me kiss you  
Mysteries Unfold

We are dancing in fire  
Embraced by the flames  
We are kissing each other  
We are kissed by the flames

And as i dive into oblivion  
My mind is scattered in the wind  
I drown in the sea of the lost loul's  
Lord Jesus won't come
