My treasure, I can smell your fear  
You know you're not alone  
You pray your lord your soul too keep...  
Well, he may when I am done  
Where's the precious god now I ask thee  
I do not fear thy crucifix

Your life is mine for me to take  
To feast upon at night  
Like a cup of nectar, sweet  
I'll drink you with delight

Oblivion takes you in her arms  
For a dance throughout the night  
Whirling around in a crimson gown  
You stare into the devils eyes  
Embraced by dreams and shadows smooth  
You slowly fade away  
Into the dark and silent void  
Of death to there remain

Just another dream in crimson  
For the slaughter another sheep  
A god awakes  
To let you die alone  
And deep within the dreamers tower  
The ball continues for another night  
'Till the light of day  
And silence reclaims it's throne
