Well I knew something wasnt right the other night  
When she came to bed angry  
We used to talk before but lately weve been fighting  
About the stupid ass things  
And I dont know if we can come to some sort of  
conclusion here  
Theres got to be an easy way to say goodbye without  
the pain and tears  
That you cry

I never wanted to give you away  
Well I still love you but I dont need you  
I never wanted to give you away  
Well I still love you but I dont need you

Every morning 6 AM she kicks her blankets off the bed  
Another cup of coffee, yes  
She reads a funny paper book with tea  
She doesnt feel like laughing  
I never meant to cause you pain  
Its something that I cant explain  
Id only wish youd stop and see  
That all I have is you and me  
I hope you know that I tried

I never wanted to give you away  
Well I still love you but I dont need you  
I never wanted to give you away  
Well I still love you but I dont need you

And I knew something wasnt right the other night  
When she came to bed angry  
Used to talk before but lately weve been fighting  
About the stupid ass things  
And I dont know if we can come to some sort of  
conclusion here  
Theres got to be an easy way to say goodbye without  
the pain and tears  
That you cry

I never wanted to give you away  
Well I still love you but I dont need you

I never wanted to give you away  
Well I still love you but I dont need you
