If you've been touched by love
Then you know exactly how I feel
At the point of giving up your words
pull my heart clear
You sealed a promise with a kiss
You turn a half chance into one
you've waited your whole life for
Get loneliness kicked out the door

You feel as strong as superman
You take the world on cause you can
When you're been touched by love
And in all my dreams
Never once did
I Ever dare to imagine you by my side
Every breath I breathe
Tastes sweet for sure
I found me a reason to live and die for
To live and die for...

If you've been all strung out
Then you know exactly how I feel
At the point of losing faith your words
pull my heart clear
You cross the hard times with a laugh
You always say what's passed is passed
The wonder of it all
Spells the fears I've had before

You feel as strong as superman
You take the world on cause you can
When you're been touched by love
And in all my dreams
Never once did
I Ever dare to imagine you by my side
Every breath I breathe
Tastes sweet for sure
I found me a reason to live and die for

Nanannanana
To live and die for...
Nanananana Yeah yeah

Nanananana Ohh yeah
Nanananana

Have you been touched by love

You feel as strong as superman
You take the world on cause you can
When you'âre been touched by love
And in all my dreams
Never once did
I Ever dare to imagine you by my side
Every breath I breathe
Tastes sweet for sure
I found me a reason to live and die for

Yeah yeah yeah
Have you been touched by love
Oooo yeah yeah
Have you been touched by love
