So, so much to tell ya
So, so much on my mind
There's something about you baby
Keepin' me up all night
Drivin' me crazy

Didn't i tell you that i love you
Did i say how much i care
Am i right girl, something's happened here

Come, close up to me baby
Look, look into my eyes
There's something about baby
Something that blows my mind
Drivin' me crazy

Didn't i tell you that i love you
Did i say how much i care
Am i right girl, something's happened here

Didn't i tell you it the right way
Did i say it all alone

Am i right girl, something's happened here

Sometimes, we love eachother baby
Sometimes, you really make me crazy
I believe that we should stay together
You're the only one to change me for the better

Am i right girl, something's happened here

Didn't i tell you that i love you
Did i say how much i really care
Am i right girl, something's happened here

Didn't i tell you it the right way
Did i say it all alone
Am i right girl, something's happened here

Something's happened here
