This  
Lost emotion has me  
Feeling  
So shattered and torn  
Numbness of my  
Deadend senses  
From your bitter cold  
The smell of this  
Emptiness  
You were never mine  
Never mine to hold

I never wanted more  
You broke me, I needed you

You  
Said your water would  
Wash over me and  
Keep me clean  
From these potential wounds  
And I fled  
Abandoned your seed  
These things you said  
Gave way  
To a flood of haunt  
To a flood of haunt

No more of this  
Pretend you're me  
For just one moment  
For just one moment  
I saw it all  
Thrown away  
But you never  
Looked back any way
