Wandering through the back roads  
And the rain comes rushing down  
To resolve your love  
For this man in his twenties

Am I right? Am I wrong?  
Or am I just dreaming?

Climbing up the backstairs  
There's a chill wind in the air  
I wrap up from the cold  
Pull the blinds in the window

Who was here? Was it you?  
Or am I just dreaming?

Look at all the lonely people walking miles around the town  
I can see the old cathedral, but I have to play it down  
Boats along the river setting up their sails  
And life carries on as normal, although you're not around

Waiting at the bus stop, laughing off the rain  
Shaking their umbrellas, till it starts again  
Flowers in the water, floating off downstream  
Paper in the gutter, blowing in the breeze

Am I Right? Am I wrong?  
Or am I just dreaming?

Look at all the lonely people walking miles around the town  
I can see the old cathedral, but I have to play it down  
Boats along the river setting up their sails  
And life carries on as normal, although you're not around

Waiting at the bus stop, laughing off the rain  
Shaking their umbrellas, till it starts again  
Flowers in the water, floating off downstream  
Paper in the gutter, blowing in the breeze

Am I Right? Am I wrong?  
Or am I just dreaming?

Wanderin' through the back roads  
And the rain comes rushin' down  
To resolve your love  
For this man in his twenties

Am I Right? Am I wrong?  
Or am I just dreaming?
