Can you see this predilection  
Rushing through my head  
Was a morning full of circumstance  
I was seeing red  
Put my blues away

Navigation gone astray  
Went any way I could  
Haven't got the time of day  
Cannot see why I should  
Put my blues away

I can hope, I can pray  
Until you find me someday

Always had my reservations  
Who am I blame?  
Walked into the ring of fire  
Heart in a wall of flames  
Put my blues away

My emotion running riot  
Through the neighborhood  
Screaming in the dead of night  
I wish to be understood  
Put my blues away

I can hope, I can pray  
Until you find me someday

I can hope, I can pray  
Until you find me someday

Navigation gone astray  
Went any way I could  
Haven't got the time of day  
Cannot see why I should  
Put my blues away

I can hope, I can pray  
Until you find me someday

I can hope, I can pray  
Until you find me someday, hey hey

Tell me where you are  
Hey, little darlin'  
'Cause I ain't got 20/20 vision  
And I know you're here somewhere  
And it's nearly bedtime  
And I'm getting lonely

Hey, little darlin'  
Tell me where you are  
'Cause I ain't got 20/20 vision  
And I know you're here somewhere  
And it's nearly bedtime  
And I'm getting lonely
