[Incomprehensible]

Twenty-seven times I paint the city in lights
Now I changed my mind
I was living fast now I'm running on empty

And I feel, yeah, I feel
You're gonna go, let me go

Breathe and I breathe
It's bitter without you, I can't live without you
And I'm in love with you

Stood the test of time
Though I treated you rough you were always kind
I let my head rule my heart now I'm feeling so lonely

And I feel, it's the deal
You're letting me go, gonna go

Breathe and I breathe
Hollow without you, I can't live without you
And I'm in love with you

Breathe, I believe
Empty without you, I can't live without you
And I'm in love with you

Breathe and I breathe
It's bitter without you, I can't live without you
And I'm in love with you

Breathe, I believe
Empty without you, I can't live without you
And I'm in love with you

Breathe, I believe
I can't live without you, I can't live with you
And I'm in love with you
