Freedom will come
To real love
Heaven will come
For real love

Do-wah, do-wah, do-wah
Run away when it hurts from the things that we do
Do-wah, do-wah, do-wah
Don't know why we cry, run away from the truth

Children of new men
Colors of human kind in shadow
Good is your loving
Growing and sharing storms

Believe
You've got to believe

Calling the day freedom will come
And we will arise to real love
Day by day, heaven will come
And we'll survive for real love

Cherish the union
The light in a stranger's eyes
Your guardian angel will make
All the wrong things right

Believe
You've got to believe

Do-wah, do-wah, do-wah
Do-wah, do-wah, do-wah
Do-wah, do-wah, do-wah
Do-wah, do-wah, do-wah

Calling the day freedom will come
And we will arise to real love
Day by day, heaven will come
And we'll survive for real love

Calling the day freedom will come

And touch the sky in heaven above
Day by day, heaven will come
And we'll survive for real love

Calling the day freedom will come
And touch the sky in heaven above
Day by day, heaven will come
And we'll survive for real love

Calling the day freedom will come
And touch the sky in heaven above
Day by day, heaven will come
And we'll survive for real love
