you've done it all, you've broken every code

and pulled the rebel to the floor

you spoilt the game, no matter what you say

for only metal - what a bore!

□

blue eyes, blue eyes

how come you tell so many lies?

□

come up and see me, make me smile

or do what you want, running wild

□

there's nothing left, all gone and run away

maybe you'll tarry for a while

it's just a test, a game for us to play

win or lose, it's hard to smile

□

resist, resist

it's from yourself you have to hide

□

come up and see me, make me smile

or do what you want, running wild

□

there ain't no more, you've taken everything

from my belief in Mother Earth

can you ignore my faith in everything

'cause i know what faith is and what it's worth

□

away, away

and don't say maybe you'll try

□

to come up and see me, make me smile

or do what you want, running wild [repeat til fade]
