We go waiting for the stars  
To come showering down  
From Moscow to Mars  
Universe falling down

You got to look real hard there's a fiery star  
Hidden out there somewhere  
Not the satellite of love but a laser  
Shooting out its shiny tongue there

God is love, God is war  
TV preacher, tell me more  
Lord redeem me, am I pure?  
Pure as pure as heaven

Sent you money, sent you flowers  
Could I worship you for hours  
In whose hands are we anyway?

Go waiting for the stars  
To come showering down  
From Moscow to Mars  
Universe falling down

You got to look real hard, is it in your heart?  
Yeah, it's in there somewhere  
The power wrapped in your palm, show it to me  
Hit them with your wrath and thunder

What's your pleasure? Tell it to me  
How did you know? Show your beauty  
In you somewhere, somewhere in me  
Pure as pure as heaven

Sent you money, sent you flowers  
Could I worship you for hours?  
In whose hands are we anyway?

Rolling along through a rose colored glow  
This city looks pretty in pink  
Armageddon is here

Did you ever have a lover leave you for another?  
And take your love and kisses for granted  
Never to discover, war is not the answer  
Leave you only disenchanted

God is love, God is pure  
T.V. preacher tell me more  
Father help me am I pure?  
Pure as pure as heaven

Sent you money, sent you flowers  
Could I worship you for hours?  
In whose hands are we anyway?

Go waiting for the stars  
Come showering down  
From Moscow to Mars  
Universe falling down

Waiting for the stars  
Come showering down  
From Moscow to Mars  
Universe falling down

Go waiting for the stars  
Come showering down  
From Moscow to Mars
