These are minor, but important changes...  
Never get angry at the stupid people  
Though I go crazy at the dullness of my life  
Sit and I stare into a dusty window  
An empty face stares back at me and cries

My vulnerability rushes up to me  
And I'm left here  
The rebel without a cause  
The deeper I delve into  
The consciousness of me with you  
The harder it gets  
I need to close my eyes  
What hurts me most  
I'll never see your eyes again

Though I get weary  
Doesn't mean that I'm unwilling  
My body belies me I'm of fertile mind  
As I grow older  
The world forgets me  
And talks to me as if I'm some kind of child

Their insensitivity washes over me  
Till I'm left here  
The rebel without a cause  
The deeper I delve into  
The consciousness of me and you  
The harder it gets  
I need to close my eyes  
What hurts me most  
I'll never see your eyes again

The harder it gets  
I need to close my eyes  
I can't recollect  
I'll never see your eyes again  
I try to forget  
I'll never see your eyes again  
What hurts me most  
I'll never see your eyes again

Don't touch me
