Motion always seemed to me
The way I ought to go
No one now gets in my way
I won't let my heartache show

The same situation
Won't bring me down no more
I get on without you now
I don't need your help for sure

Push me, shove me
(Push me)
I don't call that love me
Call that over

There was once a time
When I would fall for all your lies
No, I know the game you play
I see it clear there in your eyes

You can't cry inside me
I won't let you in my heart
I can walk out on my own
It's high time we moved apart

Push me, shove me
(Push me, push me)
I don't call that love me
Push me, shove me
(Push me, push me)
I don't call that love me
Call that over

You say, "Talk it out"
I say, "It's all one big mistake"
Cut so deep, it's hard
And it's the chance I have to take

I don't need to follow
I want a base love on my own
Motion or emotion
From now on that's how it goes

Push me, shove me
(Push me)
I don't call that love me
Call that over
Push me, shove me
(Push me)
I don't call that love me
Call that over
