(a. bell / v. clarke)

(woah...oh, woah...oh)

How ever hard they tried to hold you back,
So you were stronger.
If there's a slightest fray of hope,
Or glimmer in your eye.

Take another lover,
But I will get you in the end.
There will be no other lover, (take another lover)
I will say: "i love you."

Love me madly, truly, deeply (I love you...take another
lover)
Love me madly, truly, deeply (woah)

Take another lover,
But I will get you in the end.
There will be no other lover, (take another lover)
I will say: "i love you."

Every night you live to satisfy
Your pains of hunger.
But as if your name were written out

In lies across the sky.

Take another lover,
But I will get you in the end.
There will be no other lover, (take another lover)
I will say: "i love you."

Love me madly, truly, deeply (I love you...take another
lover)
Love me madly, truly, deeply (woah)

Take another lover,
But I will get you in the end.
There will be no other lover, (take another lover)
I will say...

How ever hard they tried to hold you back,
So you were stronger.

Taking, no taking, taking, no taking,
Taking, no taking, taking no lover.
Taking, no taking, taking, no taking,
Taking, no taking, taking no lover.
