Blu Cantrell
"It's Killing Me (in My Mind)"

I need to find a place my own space
Where I can get over you 'cause you are so far away
Now that I know we could never be, I tried to move on
I tried to stay strong but you are all that I see

It's killing me, you're not here with me
'Cause you're on my mind
You're all that I know, I can't let go
It's killing me, you're not here with me
'Cause you're in my dreams
You're all that I know, I can't let go

A moment for me, I tried to tell myself to love you is to
hurt
I knew we'd never work, I can't see your face
I can't touch and learn, I'm trying to get used to this
I'll be here but not for long tonight

It's killing me, you're not here with me
'Cause you're on my mind
You're all that I know, I can't let go
It's killing me, you're not here with me
'Cause you're in my dreams
You're all that I know, I can't let go

Ooh, it's killing me
Oh, oh, you're not here with me
You are so far away, baby, [Incomprehensible]

It's killing me, you're not here with me
'Cause you're on my mind
You're all that I know, I can't let go
It's killing me, you're not here with me
'Cause you're in my dreams
You're all that I know, I can't let go
